REPORT OF SUPERINTENDENT OF SCHOOLS

Sanbornton is very fortunate this year in having a teacher in each of its schools. The teacher shortage is a reality in New Hampshire, as elsewhere. Many rural schools in this state have been closed this year because a teacher could not be secured for them. We were able to retain three of the four teachers of the previous year and to secure a teacher of experience to fill Mr. Merrill's place in 7th and 8th grades, he having declined reelection.

The school work so far this year, has been very satisfactory and pupils seem interested in their work. They miss not having the music teaching. It is hoped that Mrs. Gilchrist may be able to take over this work a little later.

Money appropriated for out of door sports, we have not been able to economically make use of. Basketballs and footballs have so increased in price that buying for four schools is prohibitive.

Many of the pupils are buying stamps filling their books and getting bonds and have been doing this continually.

There were 119 pupils registered last year in the four schools. The largest school was the Gaza, and is the largest this year.

The superintendent is giving monthly tests this year, the results of which together with the daily records of the teacher, will determine promotion or non-promotion. Satisfactory scholarship will be required for promotion and graduation.

Too many pupils and some parents do not seem to realize that regular attendance is an essential to progress in school work. A day lost seems a trifle, but a day lost this week and a day next week and so on, is a big factor in failure to do satisfactory work. No pupil absent in total days amounting to three or four weeks ought to expect the same progress as a pupil who has been a regular attendant.

We urge parents to see to it that their children are in school "every day the schools are in session", as the state law requires.

Very truly,

FRED S. LIBBEY,
Superintendent of Schools

Sanbornton, New Hampshire
